	Summer - Chris Silk

Please help the above co-ordinators by donating to their various stalls.
We run plant stalls at our Spring and Summer shows
and cake stalls at the Spring and Autumn shows.
Your support is vital.

NAFAS Rules for Flower Arranging Classes

An exhibit is composed of natural plant material, with or without accessories, contained within a space as specified in the show schedule.

NAFAS rules state that disqualification will take place for the following reasons:

1. Failure to comply with any specific requirements of a class as stated in a show schedule i.e. the measurements or the components.
2. Inclusion of any fresh plant material that does not have its roots or the cut ends of its stems in water retaining material. (For exceptions see the NAFAS 'Competitions Manual', Second Edition, 2009, Page 5).
3. Inclusion of artificial plant material. (unless specifically allowed by the show schedule).

For further details and definitions, please refer to the NAFAS 'Competitions Manual', Second Edition, 2009, in accordance with which all classes will be judged. A copy is held by the Show Secretary.

RULES FOR EXHIBITORS

Please read carefully!

The shows will be conducted generally in accordance with the rules and standards contained in the RHS Horticultural Show Handbook 2008.

A copy of the handbook is held by the Show Secretary.

1. Unless otherwise stated, all exhibits must be the property of the exhibitor and must have been in his/her possession for at least three months. (Except Flower Arranging).
2. No exhibit may be removed until after prize giving.
3. The diameter of a pot or pan is the inside measurement, made as near to the top as possible.
4. Unless otherwise stated or implied in the schedule, each exhibit of plants, flowers, fruit or vegetables shall consist of one variety. Where a number or quantity is specified neither more nor less may be shown.
5. Any exhibit which does not conform to the wording of the schedule shall be disqualified.
6. No exhibitor may have more than one entry in any one class. Entries are limited to one per house or garden with the exception of the Home fare and Handicraft sections, with a maximum of 1 entry per person.
7. Any prize may be withheld or modified if the exhibits are considered unworthy of the prize offered.
8. On the relative merit of the exhibits the decision of the judges shall be final but the Committee reserves to itself the decision on any other points in dispute. No correspondence can be entered into.
9. All exhibits, personal property, etc. shall be at the risk of the exhibitors and the Association shall not be liable for compensation for loss or damage from any cause whatsoever. Should a show for any cause not be held, no exhibitor shall have any claim on the Association.
10. Except where otherwise stated, First Prize to count 3 points, Second Prize 2 points, Third Prize 1 point.
11. Where cups are awarded on points totals, should a tie occur the exhibitor with the highest number of First prizes will be adjudged the winner.
12. Where VASE is stated any suitable container will be accepted. Own vases to be used.
13. In classes which do not have the number specified, exhibits should comprise half the number, detailed in Rule 8 on page 11 of the RHS Handbook and rounded up to the nearest whole number. If in doubt ask the Show Secretary.
14. All vegetables in collections will be judged out of 20 points per vegetable.

MADEIRA CAKE - RECIPE

7"/18cm cake tin lined

175g/6 oz. unsalted butter

175g./6oz. caster sugar

Finely grated rind of 1 lemon

3 large eggs, beaten

115g./4 oz. plain flour

115g./4oz. self-raising flour

2-3 tbsp brandy or milk

2 slices of citron peel

Method: Grease and line an 18cm/7inch round deep cake tin.

Cream together the butter and sugar until pale and fluffy. Add the lemon rind and gradually beat in the eggs. Sift in the flours and fold in evenly, adding enough brandy to make a soft dropping consistency.

Spoon the mixture into the prepared tin and smooth the surface. Lay the slices of citron peel on top. Bake in preheated oven 160C/325F/Gas mark 3 for 1 - 1½ hours until well risen, golden brown and springy to touch. "Know your Oven" for baking time.

NB. In classes 45 and 46 exhibits are to be staged in a niche 700mm wide x 530mm deep x 750mm high..

Please refer to NAFAS Rules on Page 4. All exhibits may be with or without accessories.

YOUNGER GENERATION SECTION

No children's classes this Autumn

WHAT THE JUDGES ARE LOOKING FOR

These notes have been taken from the RHS Horticultural show handbook. The entries below show what the judges consider "Meritorious". Remember this is what you are aiming for. No one achieves perfection. Others will be worse than yours!

FLOWERS

Daffodils - Classification The following classification of daffodils has been adopted by the RHS:

Division 1 Trumpet daffodils

One flower to a stem; corona (trumpet) as long as or longer than the perianth segments (petals).

Division 2 Large-cupped daffodils

One flower to a stem; corona (cup) more than one-third but less than equal to the length of the perianth segments (petals)

Division 3 Small-cupped daffodils

One flower to a stem; corona (cup) not more than one-third the length of the perianth segments (petals)

Division 4 Doubled daffodils

One or more flowers to a stem, with doubling of the perianth segments or the corona or both

Division 6 Cyclamineus daffodils

Characteristics of *N. cyclamineus* clearly evident; one flower to a stem; perianth segments significantly reflexed; flower at an acute angle to the stem, with a very short pedicel (neck).

Division 7 Jonquilla and Apodanthus daffodils

Characteristics of sections Jonquilla or Apodanthi clearly evident: one to five (rarely eight) flowers to a stem; perianth segments spreading or reflexed; corona cup-shaped, funnel-shaped or flared, usually wider than long; flowers usually fragrant

Division 8 Tazetta daffodils

Characteristics of section Tazettae are clearly evident: usually three to 20 flowers to a stout stem; perianth segments spreading not reflexed; flowers usually fragrant

Roses

Blooms that are fresh, free from any blemish in their most perfect phase, half to three quarters open, of full size for the cultivar and of the form typical of it. Colour bright and brilliant. Well formed foliage of good size and texture, free from blemish due to pests or disease.

Sweet Peas

Strong spikes with well spaced blooms, each one fully open and fresh. Large flowers with erect standards, rigid wings and keel closed, free from colour running, spotting or scorching and of a bright colour with a silken sheen. Long straight stems in proportion to the size of the blooms. Effectiveness of staging (particularly when competition is close).

Annuals and Perennials

Good fresh condition. A good proportion (70%) of flowers fully developed and appropriately positioned on their stem(s). The foliage should be clean, healthy and undamaged by weather or pests. **NB** An **Annual** flowers, seeds and dies within twelve months, but, for show purposes, includes short lived perennials which normally are replaced each year. **Perennials** include all plants that live for more than two years. However, for show purposes, a "Perennial" only includes herbaceous plants.

Pot Plants (flowering or fruiting)

A sturdy shapely plant, well furnished with healthy unblemished foliage, displaying flowers, coloured bracts or fruits of a good size, colour and substance. Preference should be given to decorative rather than botanical value (unless the decision is close). Pots should be undamaged.

FRUIT

General

In "Any other Fruit" classes the possible points to be awarded vary (from 8 to 18) according to the difficulty of presenting that fruit. See RHS Handbook page 49.

Apples

Optimum-sized (see RHS Handbook), shapely fruits with eyes and stalks intact and clear, unblemished skins of the natural colour characteristic of the cultivar.

Currants

Strigs with full complement of berries. Berries large, ripe and of a uniform, brilliant colour (jet black for blackcurrants). Stalks fresh.

Gooseberries

Large, ripe or unripe fruits as appropriate for the season, uniform and unblemished, of good colour, complete with stalks.

Strawberries, Raspberries and Blackberries

Large, ripe fruits, of good colour, free from blemishes, in good condition and having stalks.

VEGETABLES

General

In "Any other Vegetable" or "Collection" classes the possible points awarded vary (from 10 to 20) according to the difficulty of presenting that vegetable. See RHS Handbook page 73.

Potatoes

Medium sized of generally between 170g and 225g per tuber; shapely, clean, clear-skinned tubers; eyes few and shallow.

Tomatoes, Medium

Fruits (approximately 65mm in diameter) ripe but firm, and of a good shape. Richly coloured fruits with fresh calyces attached.

Tomatoes, Small

Size appropriate to cultivar but not exceeding 35mm in diameter. Fruits ripe but firm, well-coloured fruits, blemish free and with fresh calyces attached.

Cabbages

Shapely, fresh and solid hearts with the surrounding leaves perfect and bloom intact and of a good colour. Size and shape according to cultivar with approximately 75mm of stalk.

Onions and Shallots

Firm, thin-necked, blemish-free bulbs of good form which should be well ripened. ("**defective**" notes state "...broken skins or have been skinned excessively").

Carrots, long

Fresh, long roots of good shape and colour. Size to exceed 300mm from the crown to a point where the root measures 5mm in diameter; Skins clean and bright.

Carrots, short

Fresh roots of colour and shape according to cultivar, with a decided stump root, and with tap root intact. Skin clear and bright.

Lettuce

Fresh, firm, tender, unbroken, blemish-free hearts of appropriate colour

French Beans

Straight, fresh, tender snap pod with stalks, and of even length and good colour with no outward sign of seeds.

Runner Beans

Long slender straight fresh pods of good colour with stalks and no outward sign of seeds.

Broad Beans

Long, fresh, well-filled pods with clear skins and tender seeds. Size according to cultivar.

Peas

Large, fresh pods of good colour with bloom intact, free from disease or pest damage and well filled with tender seeds.

Rhubarb

Fresh, straight, long, tender stalks with well-developed colouring with leaf blades trimmed back to approx 75mm.

Beetroot, Globe

Spherical, of approx 50 to 70mm in diameter with a tap root, smooth skin and flesh of a uniform dark colour.

Courgettes

Young, tender, shapely fruits, 100-200mm in length or if round cultivars approx 75mm in diameter, of any colour but well matched.

Vegetable Marrow

Young tender, uniform fruits which should be less than 380mm long and free of blemish.

Cucumbers

Fresh, young, green, tender, blemish-free, straight fruits of uniform thickness with short handles and with flowers still adhering.

Cauliflower

Heads with symmetrical, close, solid, white curd, free from blemish, stain or riciness, with approx 75mm of stalk.

Herbs

Fresh, clean, healthy, blemish-free foliage may have seeds or flowers.

JUDGES' SCORING

Obviously this varies according to the exhibit being judged, but is usually along the following lines, each aspect only being judged if that is relevant, and the points given to it varying slightly.

For example: Cabbages, green

Condition	Out of 5 points	
Size & Shape	Out of 4 points	
Colour	Out of 3 points	
Uniformity	Out of 3 points	Total: 15

COOKERY COMPETITIONS

General: Any entry which is still warm will not be judged! Round items should be displayed on round plates, Oval on oval plates and Bread on boards.

Preserves: Judges comment that preserves need a good seal. New lids must be used and put on when the preserve is hot, in order to give a good seal. Preserves should be filled to the top of the jar, chutneys should have a 1/2" space at the top. Be aware that screw top lids of honey and other jars do not provide a good seal. Make sure wax discs are correct size for jar, they are not needed under a solid lid, only when using a cellophane cover. **Full date** of making should be clearly marked. Trademark or business names must not appear on any part of the jar or lid.

Biscuits: Should be 2" - 2 1/2" wide and 1/8" thick. Fluted cutter for sweet; plain for savoury. *Biscuits*, are flat and snap when broken, *cookies* are softer and cut from a roll or dropped from a spoon

Cakes: *Cake* is one layer, *Sandwich* is two, filling in centre and none on outside, *Gateaux*, three or more layers and decorated top and sides.

Cheese biscuits: Flavour could be enhanced with a little dry mustard powder and by bringing the grated cheese up to room temperature before using.

Pies/Tarts/Flans (Adhere to suggestions below, unless stated in the relevant classes):

A fruit pie only needs a pastry top and is cooked in a deep dish. A fruit tart has a pastry top and bottom and is cooked on a shallow plate. Using a metal tin ensures the base is cooked properly - often not the case when a china dish is used.

Gingerbread: Benefits from being made in advance and left to mature.

Mince Pies: Use shortcrust pastry. Flavour is always the winner.
