

## Virtual Autumn Show Results 2020

Thank you for entering our Virtual Autumn Show. Whereas this is may not fully replace the real thing, it gives a good idea of what would have been an excellent show.

For this Autumn Show I also welcome the Ellens Green Art Group who have provided an excellent show of their skilled artwork. This is part of our usual Autumn Show and always attracts a lot of interest when we can stage the event for real in the village hall. I'm sure you will agree with the quality of the exhibits and I thank all those who entered for giving us an art show to supplement the rest of the show.

As for the previous virtual shows and just as a reminder, I am not a judge (just a virtual judge). As this is a virtual show, I can only virtually judge and therefore the results could differ from those had the show taken place as usual in the village hall. I have given some licence regarding interpretation of the rules such as plants being in the garden rather than picked and in a vase, but some rules have remained in place such as specifics to each class e.g. the number of stems required or hulls/calyx being present.

Thank you to all who entered and let us all look forward to a more normal 2021. I hope to see you at all our 2021 shows and after this year let us try to make the 2021 shows bigger and better.

Richard Haigh, Chairman (and virtual judge)
